"A Summer's Day with Mary Oliver"

Mary Oliver (1935-2019) was one of the few contemporary American poets who made a viable living from her poetry. The winner of the National Book Award and the Pulitzer Prize, her work was inspired by nature and her lifelong passion for solitary walks in the wild. She is known for conveying wonder and awe in her readers, even with the use of unadorned, easily accessible language. She lived much of her life on Cape

Cod near Provincetown.

USH Community & Business

There will be a USH Board meeting next Tuesday, July 13th from 6:30pm - 8:30pm. Please join the meeting [here](#).

On July 18, the Sunday service will *livestreamed* from our sanctuary – the first time we’ll be in our collective home in 18 months! We will be using our new audio/visual equipment in this “dress rehearsal” before in-gathering in September.

Rick Tsukada will be the pulpit guest.

Summer Worship - "Embracing and Releasing"

Summer worship at USH is lay-led by thoughtful, observant, caring and committed members of our congregation. This year the theme of "Embracing and Releasing" will bring sermons opening us to contemplation of the array of emotions and insights we have encountered in the many months since March 2020. So much has happened; our lives, our sleep, our families and friends, the very structure of our days have been affected yet we keep on keeping on.

We will open with General Assembly on June 27 and on the 4th of July we are welcomed to All Souls UU, New London. The calendar for the lay services is currently a scaffold; titles will change and more information will develop as sermons and worship are written and revised but most importantly, take a look at our wonderful speakers and anticipate a summer of embracing and releasing.

July 18 - Rick Tsukada "A Requiem: We are Sorrow, We are Beauty, We are Love"

July 25 - John Bengtson "How to have hard conversations"

August 1 - Lisa Galinski "Crossing the Edge"

August 8 - Sue Spaniol/Artists' Way "The Gift of a Year"

August 15 - Title TBA - Judy Robbins/Rick Tsukada

August 22 - "Making Peace" - Margaret Leicach/ Sue Smolski

August 29 - "Happiness In the Midst of Chaos" - Rob Spector

Sept 5 - TBD - Laurie Kelleher

All services will remain on-line until Ingathering September 12th when, fingers crossed, we will resume in-person worship at the Meeting House with a live feed to your home.

When the Unitarian Society of Hartford Website Became a "Porn" Site

The Rest of the Story

Friday, April 11, 2003 On toward 7 PM the first call arrived. "Do you know, our website has porn on it?" After a quick check of the computer, website is normal, what is happening? Probably just some internet screw up. A few minutes later, another call, same concern, porn on the website. Time to check the home computer again. Wow, the normal website has been replaced with porn pages!

Quick, call the internet service provider. What on earth is happening? Delay, as usual, to finally contact a human. "Just a minute while we check.....Oh, your domain name has been purchased by a German outfit."

With mounting trepidation, "How can that be?"

"You never paid the bill to renew your ownership of the domain ushartford.org. We have been sending the bill (\$15) and nobody paid it after weeks of notice that the ownership would expire."

Fact check.. subsequently, we learned the USH office person at the time simply failed to worry about this minor bill that had arrived...

The internet was relatively undeveloped back then by today's standards. As it happened, the USH Communications Committee met with then Minister Terasa Cooley about creating our first website. The scheduled date for that meeting was 9/11, yes, the very day when the World Trade Center was aflame at the time the meeting was convened. The result of the meeting was a determination for David Newton to create a new USH website and associated email distribution lists for those who had computers a relatively small percentage of the congregation at that time.

Early development of the website involved purchase of a domain name. The domain name ushartford.org was selected as we were a charitable institution. And thereafter, we were off on the adventure of publishing the paper Messenger, print, fold mail, and off to the post office, for most of the congregation, and also sending USH-Enews to those few who had computers. But, bandwidth was limited, however, you could include an occasional picture (just one) with your electronic news email.

By 2003 the readership of the USH-Enews by electronic means was increasing as the number of hard copies of the Messenger was going down, and the transition saved postage and printing costs as well!

Now, here is how domains work. If you create one that does not exist anywhere in the world, you can have it for the normal annual fee. And, if one previously owned is lapsed, you can buy it and use it. The normal convention is those ending with .org represent charitable organizations and those using .com represent businesses of various sorts. There are other alternatives as you probably have observed, .net for example.

Thus, on the evening of April 11, 2003, having lost our .org domain, we went shopping for a new one under emergency conditions. As it

happened, .com was available and we purchased it immediately and set about changing the web assignment, and all associated email connections to the new domain, ushartford.com. This process was occurring even as the old address was being reassigned to the porn site all over the world. A process that takes from 20 minutes to a day or so. As the USH mailing lists were about to vanish forever, we sent one final email to all subscribers on various lists. We informed them that when you seek to work with ushartford electronic addresses and the web tomorrow, all addresses should be changed ushartford.com! And that was the last communication from the purchased domain, ushartford.org. This activity finished up around 4 AM on Saturday morning and related activity continued through that day.

The congregation got an explanation on Sunday!

You might ask, could we have bargained with the new owner of ushartford.org to get the domain name back? Yes, I trust you understand ransomware, it would be sort of like that!

Time passed. You can always check on available domain names and we did so from time to time. "Our" domain in Germany latter showed up with an owner in Panama, and still later elsewhere in the Caribbean. After the porn first use lost its value, other sales-related uses occurred. Then, major excitement, a random check in 2008 found the domain available for purchase. With quick and trembling keystrokes, we purchased it and it has been back with us to date, but not used as it would be difficult to change all those .com users and uses to a different domain.

Now, because of spam issues, we are moving email boxes associated with USH to Gmail. Because it is a large provider of email services, communications are unlikely to be stopped because of spam suspicions by other companies' email software. And in connection with that and various related changes, **our web address has returned to ushartford.org** properly reflecting our institutional status.

However, if you were to request the web address as ushartford.com, net or certain other group designations, we now own some of them as well. You would be transferred immediately to ushartford.org.

What ever happened to ushartford.org and how come it is back?

Now you know, **and that, is the rest of the story.**

David Newton

Email and Listservs to Change

In recent months those who receive email from US Hartford email addresses have reported email not being received in a dependable way.

To deal with this issue, email addresses associated with USH will be migrating to Gmail, a large provider of services likely to be accepted by all other service providers. Associated with these changes, we will be moving our web servers to a new service provider and terminating use of listservs.

For those who wish to obtain a listing of the email addresses on a particular listserv, either Buffie Pinney or David Newton can provide the current and probably a little outdated listing of addresses, which can be further edited for individual use.

During this period of migration, email directed to old addresses will be forwarded to the new ones established by staff members until October 1st.

You can help by recording any new email address that appear in use and exercising the usual Unitarian understanding of diversity in problems of digital life.

Meetings at the Meeting House!

Here's what to do if your group wants to meet in person at USH. The list isn't exhaustive... someone always comes up with some additions... but it'll get us started:

Check the events calendar on the website. Any planned usage of space should be included here.

Assuming you see no conflicts for day, time, and space, contact Buffie at hartforduusociety@gmail.com to schedule the space and get your event onto the calendar. Copy Rayla at ctraylab@gmail.com TO ensure

If your gathering includes people participating virtually, arrange with Buffie to reserve one of USH's Zoom links. One of the benefits of the pandemic comes from broadening virtual connections; let's take advantage of this to continue including those unable to be here in person.

At the end of your gathering please tidy up and leave things organized for the next group. (You know... re-set the thermostat; turn lights out; don't leave dirty dishes, etc.)

These basic acts of courtesy and consideration once were second nature and will be so again once we reacclimate. Be

gentle with yourselves and with each other, and enjoy being together again.

Caring Network

From the USH Caring Network:

Valerie Klokow, a long time member of USH, has been very ill for quite some time. Cards and notes would brighten her day. Her address is 44 Fairview Street, West Hartford, CT 06119. Home cooked meals for her 16 year old son, Xavier, would be greatly appreciated. If you are able to make and deliver a meal, please contact me at janicecnewton@gmail.com or 860-212-6923 with the details so I can be sure there are not two meals delivered at the same time. I will inform Valerie of any scheduled deliveries. We are trying this to see if it works better than Take Them a Meal. When you take a meal, you will be able to call Valerie's cell phone and Xavier will come out to get it so you will not have to take it up the stairs. There are no food restrictions.

We will also be needing folks to provide rides to Valerie's medical appointments. Please contact me, providing your contact information so I can reach out to you when rides are needed.

Thank you very much for any help you can provide. **Janice Newton**

From the USH Caring Network: Please inform the Caring Network of needs, or volunteer your services. If you know of any member experiencing some difficulty, please contact Janice Newton or any member of the Caring Network so we can provide some assistance. A wide range of community services is also available to those in need by calling the Community Info Line at 211.

RETURNING TO SCHOOL 2021-22

Returning to school in the Fall can be an anxious time for children and their families, never more than this year. Children are returning after a yearlong pandemic; classes have been in person, online or hybrid. The world around them has been chaotic, with lives lost to the pandemic, an uncertain economy, and stress. School opening has become a flashpoint in the reopening of our country. For the past eight years the Unitarian Society of Hartford has helped children in Greater Hartford return to school by supporting the Uniform Fundraiser at The Village for Families and Children.

This Fall, Hartford Schools will be fully open, with all in-person classes. Hartford Public Schools require that students wear school uniforms - for example, students who attend Burns school must wear blue tops (tee shirts, sweats) and black bottoms (pants, skirts, leggings). Uniforms help diminish visible inequalities between student - the pandemic has only increased these inequalities. Please support The Village for Families and Children's Uniform Fundraiser once again, so that that in the chaos of an especially stressful year children in Greater Hartford can return to school with more confidence.

No amount is too small. Please make your check out to The Unitarian Society of Hartford with Uniforms in the memo line. Mail them to Unitarian Society of Hartford, Attention Brian Mullen, 50 Bloomfield Ave., Hartford, Ct. 06105

Thank you
Joanne Orlando

Enjoy new music from our former pianist, Pi-Hsun Shih.

Dear Friends, I hope you all had a wonderful 4th of July holiday. As we are riding out the Pandemic and enjoying more outdoor activities, I just completed another mini video

project from my home studio: Music and Food from the Beautiful Island-Taiwan. It will be premiered on Youtube this coming Friday, July 9th at 7:30 p.m. ET. Here is the link: <https://youtu.be/N51yjJDDLe0> If you miss the premiere time, you can still watch it any time after the premiere. It is there to stay.
