THE CHALICE CLUBHOUSE

SUMMER READING 2023

Summer is a great time to hone your reading skills, and the Chalice Clubhouse has a complete listing of all the stories read, or inspired by, our programming throughout the last year at USH! All entries have the front cover, ISBN numbers, a short summary, ages, and a fun fact about each book. Be on the lookout for our seven principles and six sources as you read! How many can you find in each story? Check out your local library for these and other titles from the same authors!

Happy reading!
